

IC+ Anti-Fatigue Mats

Reduce fatigue
throughout the workday.

Ideal for standing work stations, pharmacies, laboratories and operating rooms.

IC+™ Anti-Fatigue Mats are designed to reduce fatigue that is caused by standing for long periods on hard surfaces. The IC+ surface allows mats to be easily cleaned and disinfected on site with hospital-grade cleaning agents†. IC+ Anti Fatigue Mats are designed to help reduce stress placed on the feet, knees and back and provide a highly durable and impermeable solution that completely seals the surface with no catch points, ensuring no water or other chemicals are absorbed.

IC+ Anti-Fatigue Mat Features:

Non-slip top	✓
No-trip beveled edge	✓
Materials	Made from 100% pure polyurethane, to dramatically reduce electrostatic transmissions
Durability	Puncture, tear, stain and dirt resistant

Warranty	5 Years

24"d x 36"w in light grey

Superior Infection Control

Proprietary to healthCentric, IC+™ is a breakthrough technology specially formulated for the healthcare industry to provide the most durable, cleanable and impermeable medical-grade surface available.

Pathogens stay out because IC+ is non-porous and forms a completely sealed moisture-free barrier that makes microbial growth virtually non-existent and will not crack or degrade from continuous cleaning.

- + Puncture and tear resistant
 - + Hospital-grade cleaning agent tough†
 - + Non-porous
 - + Guaranteed not to crack
 - + PVC- and latex-free
 - + No off-gassing
- GREENGUARD® Gold certified

† When used in the quantities and manners specified by the cleaning agents' labeled cleaning instructions.
