FOR IMMEDIATE RELEASE
 May 11, 2016

healthHcentric™ is now on My Resource Library!

Mississauga, ON, May 11 2016 – healthHcentric, a division of ergoCentric Seating Systems, is pleased to announce the healthHcentric virtual binder is now available on MyResourceLibrary, the premiere online product library for the contract market. Dealers, designers, and end users get easy access to our literature as well as the ability to select products from our binder, and other company binders, to build a personal project binder.

Visit <http://www.myresourceLibrary.com/> to register for your free account and to view the healthHcentric binder which includes:

- Aloe Guest & Patient Seating
- Aloe Sleeper Chairs
- Stackable Seating
- Stools and Sit Stands
- Tables
- Accessories

“Dealers and designers are turning their static libraries to virtual ones and we want our healthcare seating and IC+™ Upholstery Solution, with its unique features, to be part of this easy discovery process,” explained Terry Cassaday, Founder of healthHcentric. “With its impressive digital library, MyResourceLibrary helps us achieve this objective.”

Product marketing material, video and specifications for healthHcentric’s latest seating offering, the Aloe Sleeper Club Chair, can be viewed on MyResourceLibrary.

About healthHcentric

[healthHcentric](#) was created with the needs of the healthcare industry in mind. We are the only seating manufacturer focused on creating durable, easy-to-clean and affordable seating solutions that aid in infection prevention for demanding, intensive-use environments. Our passion for cleanability and durability has led us to design unique seating solutions that solve many of the challenges faced in 24/7 healthcare settings. For the last 25 years our parent company [ergoCentric](#) has been providing seating to hospitals, long-term care and assisted care living facilities.

About MyResourceLibrary

MyResourceLibrary is the premiere Online Product Library for the Contract Market. Home to thousands of contract products, MyResourceLibrary allows the design community FREE access to their favorite brand names and manufacturers anytime and anywhere.
